Attorneys for Court-Appointed Receiver, Peggy Hunt

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF UTAH

SECURITIES AND EXCHANGE COMMISSION, Plaintiff. V. TRAFFIC MONSOON, LLC, a Utah Limited Liability Company, and CHARLES DAVID SCOVILLE, an individual, Defendants.	**RECEIVER'S MOTION SEEKING AUTHORIZATION (1) TO TERMINATE MONTH-TO-MONTH SERVICES OF SNOORK LLC AND RETURN SERVERS TO SNOORK LLC; AND (2) TO PAY SNOORK LLC AND MEMORANDUM IN SUPPORT** 2:16-cv-00832-JNP The Honorable Jill N. Parrish

Peggy Hunt, the Court-appointed Receiver (the "Receiver") of the receivership estate (the "Receivership Estate") of Traffic Monsoon, LLC ("Traffic Monsoon") and the assets of Charles David Scoville ("Scoville" and, together with Traffic Monsoon, the "Defendants"), through her undersigned counsel, moves this Court for entry of the Order authorizing her to (1) terminate the month-to-month services of Snoork LLC ("Snoork") for leasing and hosting servers relating to Defendants and return the servers to Snoork after erasing the Defendants' data and information;

and (2) use Receivership Estate funds to pay Snoork its customary fees through the date Snoork's services have been terminated.

This Motion is supported by the *Memorandum of Law* set forth below. A proposed form of Order is attached hereto as Exhibit 1.

MEMORANDUM OF LAW

I.

BACKGROUND

General

1. On July 26, 2016, the SEC commenced the above-captioned action against the Defendants, asserting that (a) this Court has subject matter jurisdiction by authority of Sections 20 and 22 of the Securities Act of 1933 (the "Securities Act"), 15 U.S.C. §§ 77t and 77v, and Sections 21 and Section 27 of the Securities Exchange Act of 1934 (the "Exchange Act"), 15 U.S.C. §§ 78u and 78aa; (b) Defendants, directly and indirectly, singly and in concert, have made use of the means and instrumentalities of interstate commerce and the mails in connection with the transactions, acts and courses of business alleged herein, certain of which have occurred within the District of Utah; and (c) venue for this action is proper in the District of Utah under Section 22(a) of the Securities Act, 15 U.S.C. § 77v(a), and under Section 27 of the Exchange Act, 15 U.S.C. § 78aa, because certain of the transactions, acts, practices, and courses of business alleged in the Complaint took place in this district and because the Defendants reside in and transact business in this district.

2. On July 26, 2016, the Court entered a *Temporary Restraining Order and Order Freezing Assets* [Docket No. 8], which was amended on July 27, 2016 [Docket No. 14], and amended again on November 4, 2016 [Docket No. 56].

3. On July 27, 2016, the Court entered an *Order Appointing Receiver* [Docket No. 11] (the "Receivership Order"), thereby appointing the Receiver over the Receivership Estate. Paragraph 3 of the Receivership Order provides:

> The Receiver shall have all powers, authorities, rights and privileges heretofore possessed by the officers, directors, managers and general and limited partners of Traffic Monsoon, and any affiliated entities owned or controlled by the Receivership Defendants under applicable law, by the governing charters, by-laws, articles and/or agreements in addition to all powers and authority of a receiver at equity, and all powers conferred upon a receiver by the provisions of 28 U.S.C. §§ 754, 959 and 1692, and Fed. R. Civ. P. 66.

4. Paragraph 18 of the Receivership Order further provides: "[T]he Receiver need not obtain Court approval prior to the disbursement of receivership funds for expenses in the ordinary course of the administration and operation of the receivership, including but not limited to costs associated with . . . securing electronic information."

The Snoork Servers

5. Prior to the commencement of this case, the Defendants paid Snoork to lease thirteen of its computer servers located in Atlanta, Georgia and Los Angeles, California (the "Snoork Servers") on a month-to-month basis and for hosting services. A large majority of the business records maintained by the Defendants related to the operation of Traffic Monsoon is located on the Snoork Servers.

6. After her appointment, the Receiver retained Epiq Systems ("Epiq") to assist her with securing Traffic Monsoon's electronic information, including imaging the Snoork Servers.

Epiq has imaged all of the Snoork Servers and has captured all of the data and information thereon. Epiq is maintaining a mirror image of the data and information obtained from the Snoork Servers.

The Cost of the Snoork Servers

7. Snoork has charged approximately $11,884.00 per month for the use of the Snoork Servers. Thus, the annual fee for use of the Snoork Servers is $142,560.00.

8. In October, 2016, pursuant to Paragraphs 3 and 18 of the Receivership Order, the Receiver paid Snoork $5,150.00 from assets of the Receivership Estate relating to the Snoork Servers for the period of September 1 to September 13, 2016.

9. Since, Snoork has issued monthly invoices related to the Defendants' servers for the periods of September – December 2016, and January – February 2017, copies of which are attached hereto in chronological order as Exhibit 2 (the "Invoices").[1] In each of the Invoices, Snoork claims it is owed a total of $14,261.83, which includes $11,884.86 in charges, and a "Late Fee" in the amount of $2,376.97.

10. The Receiver has requested that Snoork reduce its monthly rate because the Snoork Servers are not being actively used as a result of this case. Snoork has informed the Receiver that it will continue to charge its monthly fee because the Snoork Servers cannot be used for its other clients. It has refused to negotiate a lower rate with the Receiver, informing her that its rate is the same regardless of use.

[1] The September 2016 Invoice accounts for the $5,150.00 that has been paid.

11. The Late Fees were asserted for the first time in December 2016. The Receiver has informed Snoork that, given the receivership and the lack of a contractual basis for the Late Fees, among other things, there is no basis for the Late Fees.

Receiver's Determination Related to the Snoork Servers

12. The Receiver has determined that because the Snoork Servers have been imaged and an image of what was captured by Epiq has been preserved, there is no reason to continue to accrue costs to store the information on the Snoork Servers. However, given the fact that the Snoork Servers will need to be wiped clean and effectively turned back over to Snoork free of data, she has not wanted to take this step without obtaining prior approval from the Court, after notice to the Defendants.

13. The Receiver has postponed requesting this relief in light of the matters the Court currently has under advisement. But, given the ongoing accruing cost, the Receiver has determined that it would be most prudent to file this Motion.

14. As noted above, the data and information on the Snoork Servers has been mirror imaged as of the day that the image was captured by Epiq. In the event that the receivership is terminated, the information on the Snoork Servers will be available to the Defendants.

II.

REQUEST FOR RELIEF

15. Based on the foregoing, the Receiver respectfully requests the following relief:

a. First, the Receiver requests an Order authorizing her to terminate the month-to-month arrangement with Snoork, thus allowing the Snoork Servers to be wiped

clean of the Defendants' data and information, and to be turned over to Snoork so as to stop the accrual of monthly fees; and

b. Second, out of an abundance of caution, the Receiver requests an Order authorizing her to use Receivership Estate funds to pay Snoork the fees itemized in the Invoices, as well as the monthly fees that may accrue through the date Snoork's services are terminated. This request does not include a request for authorization to pay the Late Fees, which the Receiver has informed Snoork are not payable.

III.

ARGUMENT

This Court has the power to authorize the Receiver to terminate the services of Snoork and return the Snoork Servers to Snoork, as well as to pay Snoork the amounts stated in the Invoices (less the Late Fees) and monthly fees that will be accrued prior to any termination. Accordingly, the Receiver requests that the Court grant this Motion.

I. This Court Enjoys Broad Discretion to Grant the Receiver's Motion

A district court's power to supervise the administration of an equity receivership is extremely broad.[2] "[A] primary purpose of equity receiverships is to promote orderly and efficient administration of the estate by the district court for the benefit of creditors."[3] It has been stated that:

Corp.)*, 599 F.3d 1189, 1194 (10th Cir. 2010); *accord SEC v. Basic Energy & Affiliated Resources*, 273 F.3d 657, 668 (6th Cir. 2001); *SEC v. [3] *Hardy*, 803 F.2d at 1038 (citations omitted).

> [A] district court's power to … determine the appropriate action to be taken in the administration of the receivership is extremely broad. . . . The district court has broad powers and wide discretion to determine the appropriate relief in an equity receivership. . . . The basis for this broad deference to the district court's supervisory role in equity receiverships arises out of the fact that most receiverships involve multiple parties and complex transactions.[4]

Thus, the Receiver respectfully submits that this Court has the power to grant the Receiver's present Motion.

II. The Receiver Requests the Relief Herein Based on an Exercise of Her Reasonable Business Judgment

As set forth above, the Receiver has determined, in an exercise of her reasonable business judgment, that terminating Snoork's month-to-month services and returning the Snoork Servers to Snoork is in the best interest of the Receivership Estate so as avoid the continued accrual of monthly fees in the amount of $11,884.00 for property that is no longer needed. All of the information on the Snoork Servers has been, and will continue to be, preserved and maintained as it existed on the day that the Receiver obtained an image of the information on the Snoork Servers, and thus, the Receiver believes that the Receivership Estate should no longer pay to preserve that information on the Snoork Servers.

A receiver's business judgment determinations are typically afforded significant deference by the Court.[5] Here, the Receiver requests relief based on a reasonable exercise of her

business judgment. Accordingly, the Receiver requests that the Court grant this Motion. Additionally, although she believes that she is authorized to pay Snoork's monthly fees pursuant to paragraphs 3 and 18 of the Receivership Order quoted above, out of an abundance of caution, the Receiver requests authorization to use Receivership Estate funds to pay the Invoices (less the Late Fee) as well as any portion of the monthly fee that will accrue through the date Snoork's services are terminated.

CONCLUSION

For the foregoing reasons, the Receiver respectfully requests that the Court grant this Motion and enter the Order in the form attached hereto as Exhibit 1.
